

25% CHEAPER ELECTRICITY

*Scan here to see if
you qualify*

I am SO happy with my ooba Power system – our electricity costs are already so much lower. It is easy to monitor the system using my app, so I always know electricity has been generated. The installation by their friendly team was quick and tidy, and everything just works seamlessly. I encourage all my Plumstead neighbours to get an ooba roof now if they want to save money!
